

Product Information Guide

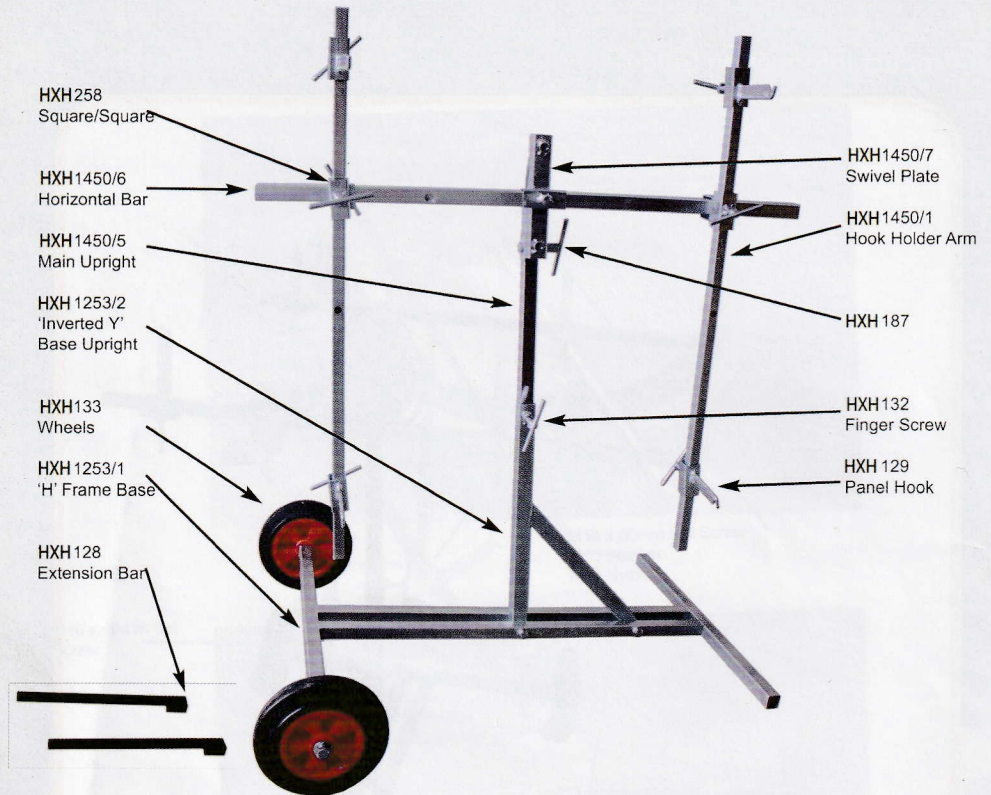

HXH-1407

"H"Base Frame Heavy duty Classic Flexible Stand

HXH-1407

# Assembly Instructions

## Assembly Instructions

1. Bolt 'Inverted Y' base upright to HXH1253/1 base as shown using M10 x 100 screws and nylocs.
2. Attach wheels to base using hub tubes, M12 x 80 screws and locking washers.
3. Insert HXH1450/5, main vertical brace into 'Inverted Y' and secure with HXH132 Finger Screw.
4. Using M10 x 60 screw and nyloc secure HXH1450/7 swivel plate to main vertical brace. Ensure that it rotates freely.
5. Secure swivel plate with HXH187 swivel lock device.
6. Slide HXH1450/6 cross bar into swivel plate and secure with M10 x 40 screw through central hole.
7. Using HXH132 finger screws assemble HXH258 Square in Squares with HXH1450/1 hook holder arms in required positions. The finger screws go right through the locating holes in the arms. Secure assembly to cross bar and attach HXH129 panel hooks. All components are a 'sloppy-fit' to cope with paint build-up.
8. Extension arms HXH128 can be used for larger panels and also as a handle for relocating the stand.

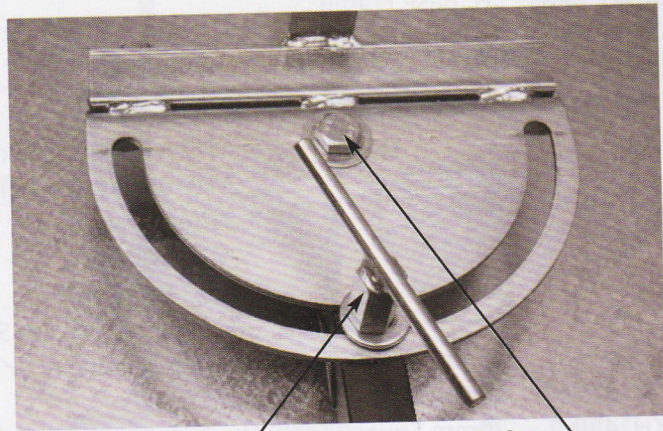

## Parts List

### Parts List

1	HXH1253/1	'H' Base Frame
1	HXH1253/2	'Y' Base Upright
2	HXH133	8" Wheels
1	HXH1253/4	Wheel and Base Fixing Kit Containing
		2 M12 x 80mm Set Screw
		2 M12 Spring Washer
		2 Wheel Inserts
		4 M10 Washer
		2 M12 Washer
		2 M10 x 100mm Set Screw
1	HXH1450/5	25mm Square x 800mm Vertical Brace
1	HXH1450/6	25mm Square x 900mm Cross Bar
2	HXH1450/1	20mm Square x 900 Hook Holder Arms
1	HXH1450/7	Swivel Plate (See last page)
1		Fixing Bag Containing;
	4	HXH129 Panel Hook
	2	HXH258 Square on Square
	1	HXH187 Swivel Locking Device
	1	M10 x 40mm Set Screw
	1	M10 x 50mm Set Screw
	2	M10 Washer
	1	M10 Nyloc
	9	HXH132 Finger Screws
	1	Instruction Sheet
2	HXH128	Extension Bar/Handle
