## Titan 1000 lb Air / Hydraulic Motorcycle Lift

Built from heavy duty 12-gauge steel with a black powder coat finish, this base model lift is perfect for any home hobbyist. Equipped with a rubber lined vise, tie down rings and a rear wheel drop out plate, this lift provides you with everything you need to wrench on your motorcycle. The dual function power unit allows you to hook the lift up to compressed air or simply use the removable foot controls to raise and lower your motorcycles. This lift is also equipped with two locking positions and a manual safety bar to make sure that you are safe and secure the entire time.

### Includes:

- Rubber Lined Front Wheel Vise
- Rear Wheel Drop Out
- Detachable Motorcycle Ramp
- Air / Hydraulic Pump Unit
- Swivel Casters
- Removable Safety Lock Bar
- Adjustable Stabilizer Posts
- Removable Foot Control Pedals
- Tie Down Rings
