

**11,000 LB.  
Two Post  
DIRECT DRIVE  
CLEAR FLOOR  
ASYMMETRIC LIFT**

*Check out the great features on the TP11KAC-D3 and find out why it's becoming our most popular lift. Single point safety release, direct drive, padded cut-off bar, and Triple Telescoping Arms that can reach the most difficult lifting points will make this the hardest working lift in your garage.*

**TP11KAC-D3**  
Direct Drive  
Clear Floor  
Asymmetric  
Lift

**Features:**

- ◆ UNIQUE TRIPLE TELESCOPING ASYMMETRIC ARMS
- ◆ Dual cylinder direct pull lifting. No chains or roller bearings to wear out
